

REMARKS

Applicants have received a notice of drawing inconsistency with specification from the Issue Fee group which was mailed on June 19, 2009. After reviewing the drawings and specification, it has been determined that the reference to Figure 11 C in the brief description of the drawings was made in error. Applicants submit herewith an amendment to the specification in which reference to Figure 11 C is deleted.

Applicants respectfully submit that the specification, as amended, corrects any prior inconsistency. Applicants request that the Patent Office go forward with the granting of the patent.

Respectfully submitted,
